PROFESSIONAL PROFILE

Motivated 1st-year MCA student at Panjab University with a strong foundation in Python, C, C++, and Java. Passionate about specializing in Java development and backend engineering. Leverage a strong foundation in object-oriented programming and an analytical problem-solving mindset.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Chart.js / Recharts

Backend: Node.js, Spring Boot, Python, RESTful API Design, REST API Design

Databases: SQL (MySQL, PostgreSQL), Query Optimization

Tools & Platforms: Git, GitHub, VS Code, IntelliJ Idea

Core Concepts: CRUD Operations, Authentication (JWT), Responsive Design.

Soft skills: Work Ethic, Leadership, Teamwork & Collaboration, Attention to Detail, Creativity

PROJECTS

ShopFlow — Ecommerce platform | React, JavaScript, Spring Boot, REST API

- ShopFlow is a full-stack e-commerce management platform built with React and Spring Boot. It features a dual-dashboard system where admins can manage products and process orders in real time, while customers can browse products, manage their cart, and track their orders live.
- With real-time order management, built with **React + Vite** on the frontend and **Spring Boot + Spring Security** on the backend. Demonstrated strong problem-solving skills by building a scalable e-commerce system.

Study Planner — Frontend | HTML, CSS, JavaScript (Vanilla) Vite for fast development

- A lightweight student portal built with vanilla JavaScript and Vite to manage study schedules and track goals. Glassmorphism (modern glass-card UI) Responsive grid layout Sidebar-based student dashboard.
- Simple login validation (email + password), Add subjects with weekly study goals, Drag-and-drop timetable planner, Goal tracking based on scheduled hours, Save changes & clear board functionality.

Attendance Tracker — Student friendly | React, JavaScript, Spring Boot, REST API

- Built a full-stack **Attendance Tracker** using **React**, **Spring Boot**, and **REST API** for efficient attendance management.
- Developed **role-based dashboards** for teachers and students with secure data handling
- Implemented features for attendance marking, subject management, and report generation
- Designed a scalable and responsive system with real-time data interaction

EDUCATION

Panjab University, Chandigarh

Bachelor of Computer Applications

(2022-2025)

Master of Computer Applications

(2025-2027)
